OIC report/business

Chemical costs for new system should be \$100-\$200 per month.

For the 30 day trial we can borrow a pump and tote to use.

Received the proposal for engineering costs from Roth Engineering. Commission will contact Roth as there are many questions to answer before signing contract.

Soil samples will be done in the fall after harvest as field was already planted.

IFT report/business

Electrical upgrades have started. Roth was contacted about what would be needed so they electrical can continue to move forward.

There are at least three shut valves that need to be replaced. Will be replaced with shut off/check valve combination.

Pumps- SD will set up account with Bailey Midwest Pump Works for the E-1 grinder pumps. SD will keep 2 pumps on hand to sell to residents at cost if they want them for replacement of their pumps. When pumps are purchased by residents SD will require a downpayment of \$1000 and balance in 60 days.
