**VERIFIED PETITION FOR TEMPORARY INJUNCTIVE
RELIEF**

(Pro Se)

**STATE OF WISCONSIN
CIRCUIT COURT
WOOD COUNTY**

VIC KRZYKOWSKI,
Petitioner,

v.

TOWN OF SHERRY, WISCONSIN,
Respondent.

VERIFIED PETITION FOR TEMPORARY INJUNCTIVE RELIEF

I, **VIC KRZYKOWSKI**, appearing **pro se**, respectfully petition the Court as follows:

1. Parties and Standing

1. I am an adult resident of the Town of Sherry, Wisconsin.
2. I have been a member of the Sherry Volunteer Fire Department ("SVFD") for over fifty (50) years.
3. I bring this petition as a concerned resident and taxpayer seeking to protect public safety and emergency services within the Town of Sherry.

2. Jurisdiction and Venue

4. This Court has jurisdiction pursuant to Wis. Stat. §§ 801.01 and 813.02.
5. Venue is proper in this Court because the events giving rise to this petition occurred in Wood County, Wisconsin.

3. Background and Contract Termination

6. SVFD is an independent Wisconsin nonprofit corporation organized under Wis. Stat. ch. 181.
7. SVFD has provided fire protection and emergency medical services to the Town of Sherry for decades pursuant to contract.
8. On December 9, 2025, the Town Board voted to issue a ninety-day notice terminating the fire protection contract effective March 31, 2026. *(On or about December 15, 2025, following that vote, the Town of Sherry delivered a written notice to the Sherry Volunteer Fire Department providing ninety (90) days' notice of termination of the fire protection contract effective March 31, 2026, a copy of which is attached as Exhibit A.)*
9. The posted agenda for the December 9, 2025 meeting did **not** identify termination or non-renewal of the fire protection contract.

4. Procedural and Substantive Concerns

10. Beginning in August 2025, the Town Board imposed a series of operational, safety, and financial demands on SVFD, including participation in organizations, testing requirements, and production of financial records.
11. These matters were discussed despite not being identified on the posted August agenda.
12. The Town did not identify statutory or contractual authority authorizing it to impose these requirements on an independent nonprofit fire department.
13. In January 2026, SVFD again requested that the Town identify statutory authority for these demands.
14. Rather than doing so, the Town proceeded toward termination of the contract.

5. Public Safety and Irreparable Harm

15. SVFD provides rapid, local fire and EMS response throughout the Town of Sherry.
 16. Replacing SVFD with a more distant department will increase response times for a substantial portion of the Town.
 17. Increased EMS response times present life-threatening risks.
 18. Increased fire response times increase property loss and insurance costs.
 19. These harms are immediate, ongoing, and cannot be adequately remedied after termination occurs.
-

6. Balance of Harms and Public Interest

- 20. Temporarily preserving the existing contract maintains uninterrupted emergency services.
 - 21. Delaying termination imposes minimal harm on the Town compared to the public safety risks posed by termination.
 - 22. The public interest strongly favors maintaining existing emergency response services pending full judicial review.
-

7. Request for Relief

WHEREFORE, Petitioner respectfully requests that the Court:

- A. Issue a **temporary injunction or stay** preventing the Town of Sherry from terminating the fire protection contract effective March 31, 2026;
 - B. Preserve the status quo pending full judicial review of the Town’s actions; and
 - C. Grant such other relief as the Court deems just and proper.
-

Verification

I, **VIC KRZYKOWSKI**, declare under penalty of perjury that the foregoing is true and correct to the best of my knowledge.

Dated this 3 day of Febuary, 2026.

CLERK OF COURT
Wood County, WI

AFFIDAVIT OF VIC KRZYKOWSKI

STATE OF WISCONSIN
COUNTY OF WOOD

I, **Vic Krzykowski** being first duly sworn, depose and state as follows:

1. Identity, Standing, and Knowledge

1. I am over the age of eighteen (18) and competent to make this affidavit.
 2. I am a resident of the Town of Sherry, Wisconsin.
 3. I have been a member of the Sherry Volunteer Fire Department ("SVFD") for over fifty (50) years and have served as assistant chief or chief for over 40 of those years.
 4. I have personal knowledge of the matters stated herein based upon my service with SVFD, my attendance at public Town Board meetings, and my review of public Town records and meeting minutes.
 5. I submit this affidavit in support of a request for judicial relief to preserve the existing fire protection contract and to prevent its termination scheduled to take effect on March 31, 2026.
-

2. Nature of the Fire Department

6. SVFD is organized as a Wisconsin nonprofit corporation under Wis. Stat. ch. 181. And located in the heaviest populated area of the township of Sherry
 7. SVFD has continuously provided fire protection and emergency medical services to the Town of Sherry since approximately 1949.
 8. SVFD is a 100% volunteer department. No member is compensated for fire suppression, emergency medical response, or required training.
-

3. Public Safety and Response-Time Impacts

9. SVFD provides rapid, local response to fire and EMS calls throughout the Town of Sherry.
10. Replacing SVFD with a neighboring department could increase response times for a substantial portion of the Town.
11. Increased EMS response times present life-threatening risks to residents.
12. Increased fire response times increase the likelihood of greater property loss and higher insurance costs.

13. These public safety impacts could occur immediately upon termination of SVFD services and cannot be adequately remedied after the fact.
-

4. August 2025 Town Board Meeting and Initial Demands

14. In August 2025, the Town Board raised a series of operational, safety, and financial demands directed at SVFD, including but not limited to:
 - a. Membership in the Wood County Chiefs Association;
 - b. Participation in MABAS mutual aid with specified departments;
 - c. Third-party testing of equipment and provision of reports;
 - d. Vehicle DOT inspections;
 - e. PPE usage requirements; and
 - f. Production of multiple years of financial records.
 15. These matters were discussed even though the posted agenda for that meeting did not identify the fire department or fire protection services.
 16. To the best of my knowledge, neither Wisconsin statutes nor the 2023 fire protection contract authorize the Town to impose these specific requirements on an independent nonprofit fire department.
-

5. October 2025 Actions and Imposed Deadlines

17. In October 2025, the Town imposed additional conditions and deadlines related to the August demands and extended compliance timelines by thirty (30) days.
 18. Several of the imposed conditions required coordination with independent third-party organizations and could not reasonably be completed within the timelines imposed, particularly by a volunteer department.
 19. SVFD continued to provide uninterrupted fire and EMS services during this period.
-

6. December 9, 2025 Termination Vote

20. The posted agenda for the December 9, 2025 Town Board meeting did not identify termination or non-renewal of the fire protection contract.
21. At that meeting, the Town Board nevertheless voted to issue a ninety-day notice terminating the fire protection contract effective March 31, 2026.

Following that vote, the Town delivered a written notice of termination to the Sherry Volunteer Fire Department providing ninety (90) days' notice of termination effective March 31, 2026.

22. The Town cited the same August and October items as the basis for termination.

7. January 2026 Meeting — Request for Statutory Authority

23. At a subsequent Town Board meeting in January 2026, SVFD requested that the Town identify the Wisconsin statutes requiring participation in MABAS or the specific testing demands being imposed.
24. Rather than identifying any statutory authority, the Town Board voted to continue forward with issuance of the ninety-day notice of non-contract renewal, as reflected in the Town's own meeting minutes.

8. SVFD Conduct and Lack of Complaints

25. SVFD invited Town officials to visit the fire station to review equipment and operations and to address any concerns directly.
26. The Town declined that invitation.
27. To the best of my knowledge, no formal complaints regarding SVFD fire or emergency medical services have been filed with the Town.
28. At public meetings, Town officials acknowledged that there were no complaints regarding SVFD's emergency services.

9. Prior History

29. Approximately ten (10) years ago, the Town attempted to exert control over SVFD in a similar manner, which effort was not carried forward.
30. The current actions resemble that prior effort and are inconsistent with SVFD's independent nonprofit status.

10. No Concession of Authority

31. SVFD's responses to Town communications and inquiries were undertaken solely to avoid disruption of emergency services and to protect public safety.
 32. At no time did SVFD concede that the Town possessed statutory or contractual authority to impose operational or financial requirements beyond the existing contract.
-

11. Irreparable Harm and Request for Relief

- 33. Termination of the fire protection contract would result in immediate and irreparable harm to the residents of the Town of Sherry.
- 34. Once emergency response capacity and insurance ratings are lost, they cannot be quickly or easily restored.
- 35. I respectfully request that the Court preserve the existing fire protection contract and prevent its termination pending full judicial review.

I declare under penalty of perjury that the foregoing is true and correct to the best of my knowledge.

Dated this 3 day of February, 2026.
